SINO-PLATONIC PAPERS is an occasional series dedicated to making available to specialists and the interested public the results of research that, because of its unconventional or controversial nature, might otherwise go unpublished. The editor-in-chief actively encourages younger, not yet well established, scholars and independent authors to submit manuscripts for consideration. Contributions in any of the major scholarly languages of the world, including romanized modern standard Mandarin (MSM) and Japanese, are acceptable. In special circumstances, papers written in one of the Sinitic topolects (*fangyan*) may be considered for publication.

Although the chief focus of *Sino-Platonic Papers* is on the intercultural relations of China with other peoples, challenging and creative studies on a wide variety of philological subjects will be entertained. This series is **not** the place for safe, sober, and stodgy presentations. *Sino-Platonic Papers* prefers lively work that, while taking reasonable risks to advance the field, capitalizes on brilliant new insights into the development of civilization.

Submissions are regularly sent out to be refereed, and extensive editorial suggestions for revision may be offered.

*Sino-Platonic Papers* emphasizes substance over form. We do, however, strongly recommend that prospective authors consult our style guidelines at [www.sino-platonic.org/stylesheet.doc](http://www.sino-platonic.org/stylesheet.doc). Manuscripts should be submitted as electronic files, preferably in Microsoft Word format. You may wish to use our sample document template, available here: [www.sino-platonic.org/spp.dot](http://www.sino-platonic.org/spp.dot).

Beginning with issue no. 171, *Sino-Platonic Papers* has been published electronically on the Web at [www.sino-platonic.org](http://www.sino-platonic.org). Issues 1–170, however, will continue to be sold as paper copies until our stock runs out, after which they too will be made available on the Web.

Please note: When the editor goes on an expedition or research trip, all operations (including filling orders) may temporarily cease for up to three months at a time. In such circumstances, those who wish to purchase various issues of *SPP* are requested to wait patiently until he returns. If issues are urgently needed while the editor is away, they may be requested through Interlibrary Loan. You should also check our Web site at [www.sino-platonic.org](http://www.sino-platonic.org), as back issues are regularly rereleased for free as PDF editions.

# Introduction

---

THESE SENTENCES were prepared in English by Kevin Stuart and translated into Mongol by Narsu.<sup>1</sup> Imagining a person in a real-life situation in need of an appropriate sentence was our motivation. These sentences will be helpful to students of Mongol, Mongol students learning English, and travellers and sojourners in Mongol areas.

We thank Mr. Phil Bergen for his help in the preparation of this manuscript.
